

Vita Student York - Case Study

DlineXsign Ltd have produced a number of signs for Vita Student York, whose objective is to be the best accommodation provider for students in York.

Internally, we're able to demonstrate our capability with a bespoke illuminated light box sign for the laundrette, along with modular internal wayfinding signs supplied on a Jigsaw™ wall rail system, with solid walnut panels and an ultra hi-res direct digital print text.

Externally, Vita York wanted us to showcase their branding. We designed and installed a solution with push-through illuminated acrylic lettering, housed within a folded aluminium tray.
