

# HOTEL LATOUR

## Hotel Latour

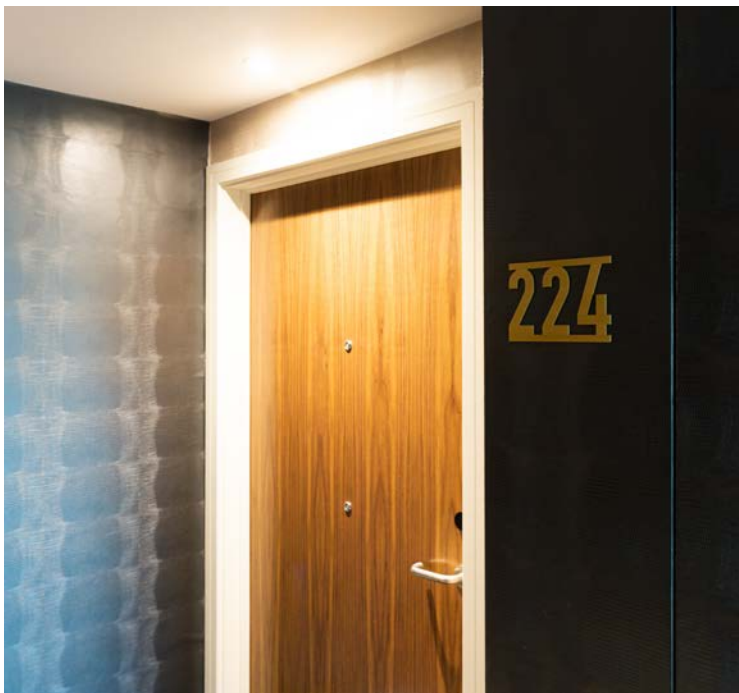

### - Case Study

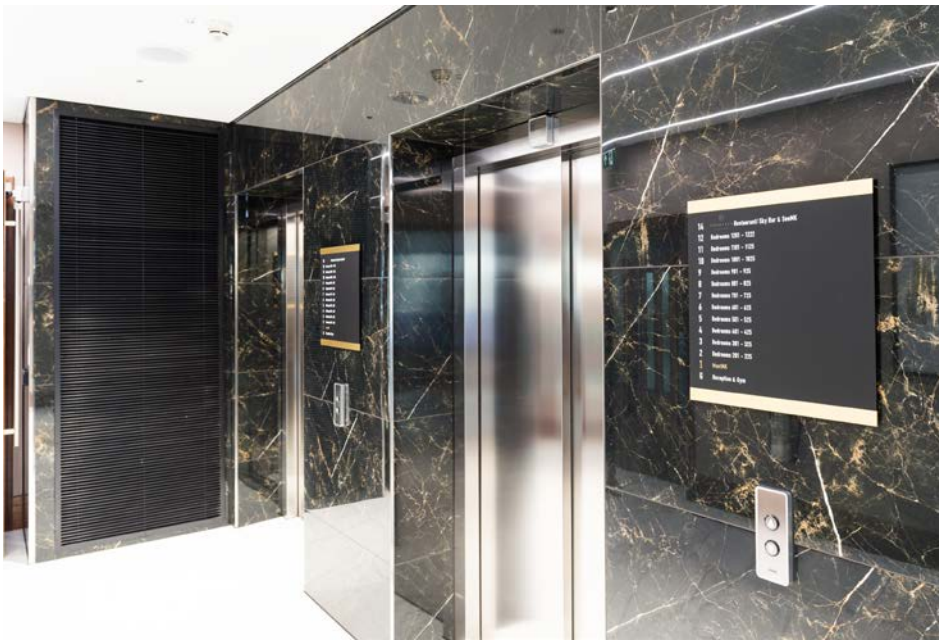

xsign provided an internal signage package at Hotel Latour - a plush new hotel in Milton Keynes.

In the hotel reception area we have provided a 2mm thick brushed brass logo with beaded edge detail. We have also provided 2mm thick brushed brass lettering for the Fourteenth floor Skybar. lift lobby.

The lift lobbies feature 3mm thick frosted lucite directory panels supplied on our patented Jigsaw signage system, with direct digital print applied.

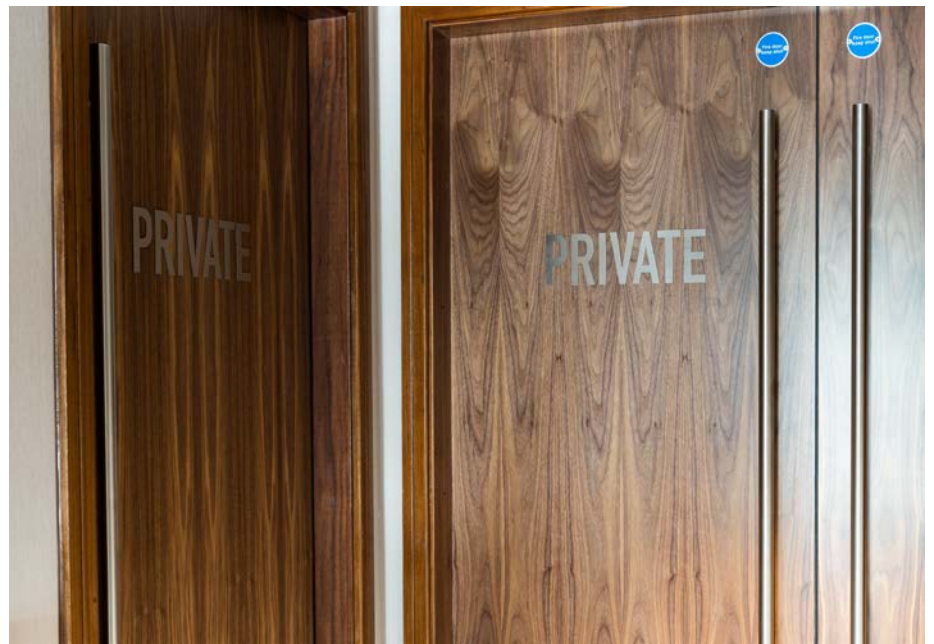

The bedroom door signs feature 2mm thick brushed brass numerals, too.

The lift lobby directories feature 3mm thick frosted lucite panels with direct digital print, fitted to our patented Jigsaw secret fixing system.

2mm thick brushed brass letters feature on the doors of key facilities.

On the fourteenth floor, we have provided a projecting sign to provide wayfinding to the toilets.
