

# Brambles Primary Academy

## - Case Study

xsign provided the internal and external signage package for Wates Group at Brambles Primary Academy in Huddersfield.

The external signage comprises a bespoke folded external aluminium panel with a 75mm return and a mitred corner section, with a flat cut logo applied. Additionally, we have provided 3mm flat cut letters fixed to the brickwork and an external double-sided coated aluminium totem sign on the entrance to the car park.

The internal signage includes a suite of 3mm frosted acrylic directional panels, glass manifestations and high tack premium vinyls.

The external totem sign on entrance to the school features a double-sided aluminium clad panel with the school's branding.

A range of external 3mm aluminium locator signs are fitted to the brickwork with wall-mounted locator fixings.

In the school corridor, we have provided WC pictograms in high tack premium vinyls, applied to the wall.
